

My Child Ate...

<http://illinoispoisoncenter.org/my-child-ate>

...Poop, Diaper Rash Cream, Crayons, Cosmetics, Cigarettes, Glow Stick, Sunscreen and More!

If a child has been exposed to a potentially harmful substance, the **"My Child Ate..."** online resource library can save you undo stress and possibly an unnecessary ER/doctor visit by providing you with information from the poison experts re: substance information, toxicity level, possible symptoms and most importantly, what to do.

No time to read and/or no access to internet?

Call the Illinois Poison Center helpline immediately at 1-800-222-1222 (available 24/7/365!)
